

# FIELD OPERATIONAL TESTS NETWORKING & IMPLEMENTATION

## implementation of FOT methodology & FESTA results (WP 3)

Han Zwijnenberg  
TNO

## Content

- objectives of Work Package 3
- overview of activities
- seminars
  - Seminar 1 & Seminar 2
  - other future seminars

## Objectives

- dissemination of the FESTA results, through
  - education & discussion on how to use the FESTA methodology in FOTs
- ambition
  - exchange of experience from FOT participants on National, EU and Global level to potential and existing FOT participants

## Activities

- seminars for promotion of a common FOT methodology using FESTA results
  - seven 1-day interactive seminars for experts and specialists
  - on-line discussion, Q&A of relevant topics using a web-based forum
- ‘maintenance’ of FESTA methodology
  - supplement to FESTA handbook

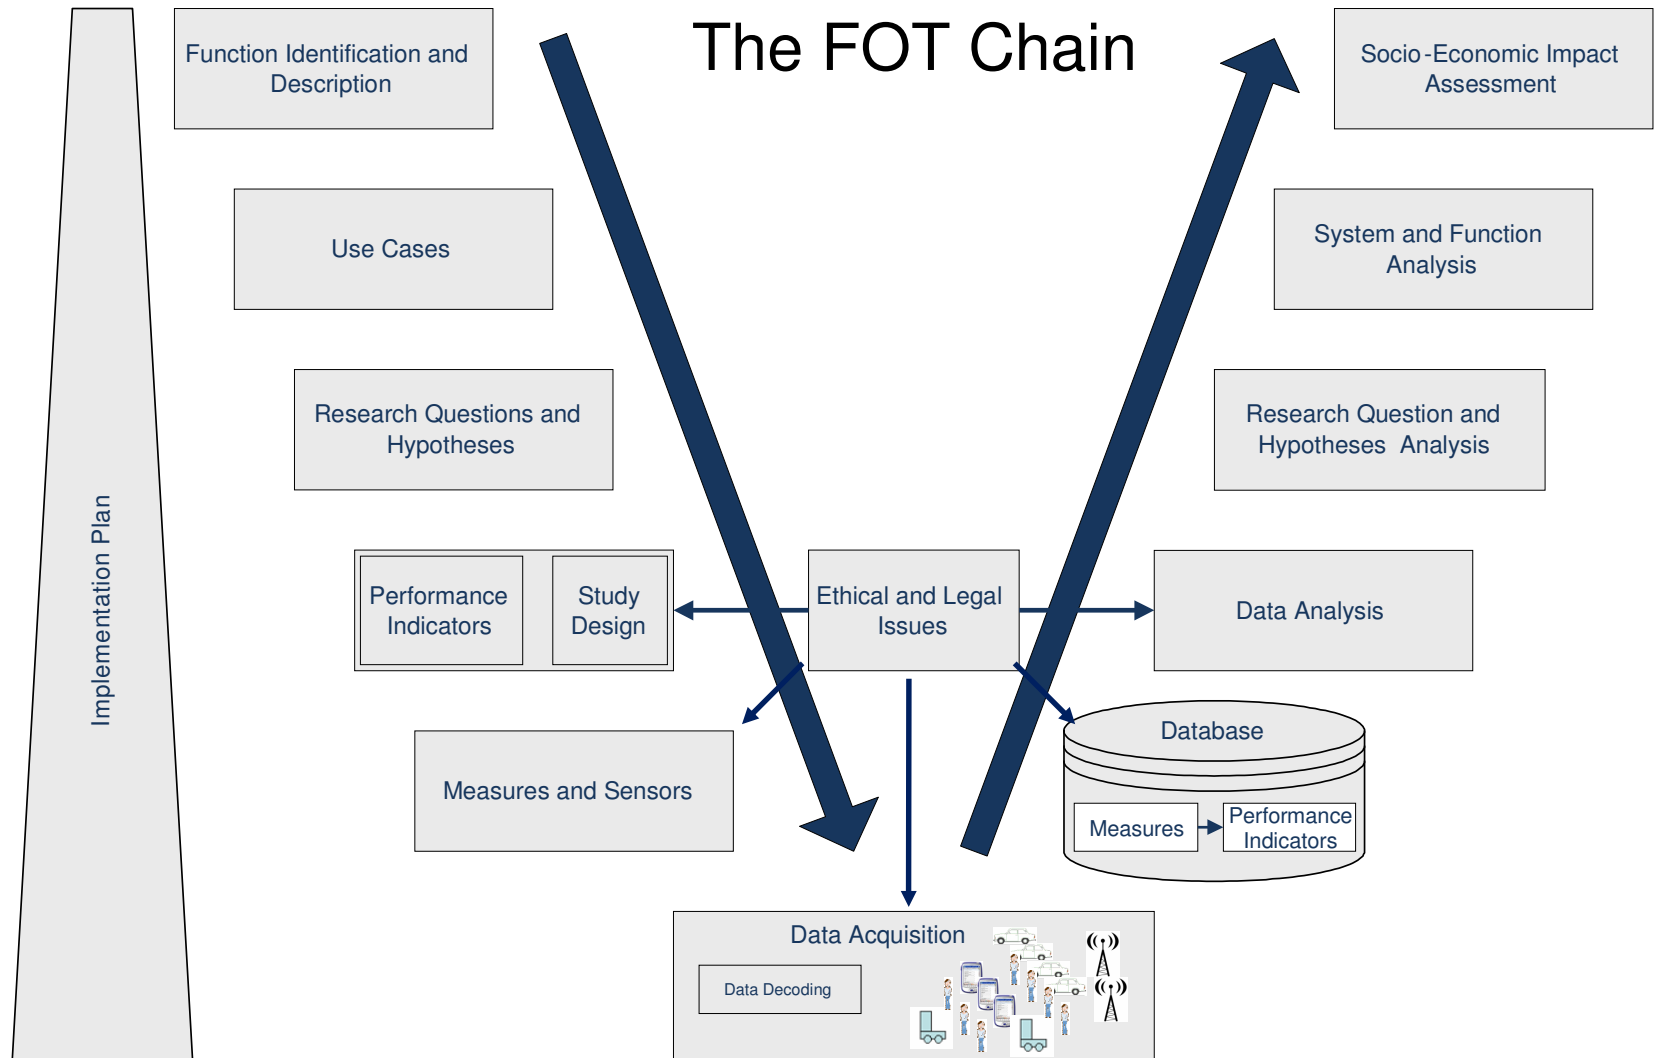

## FOT-Net seminars

- tailored to specialists and experts who (plan to) work on the activities of a FOT
- interactive set up and aimed at exchange of experiences
- speakers from inside and outside FOT-Net project, all with FOT and/or FESTA experience
- format and organisation by TNO & University of Leeds, flexible to suggestions from the networking activity

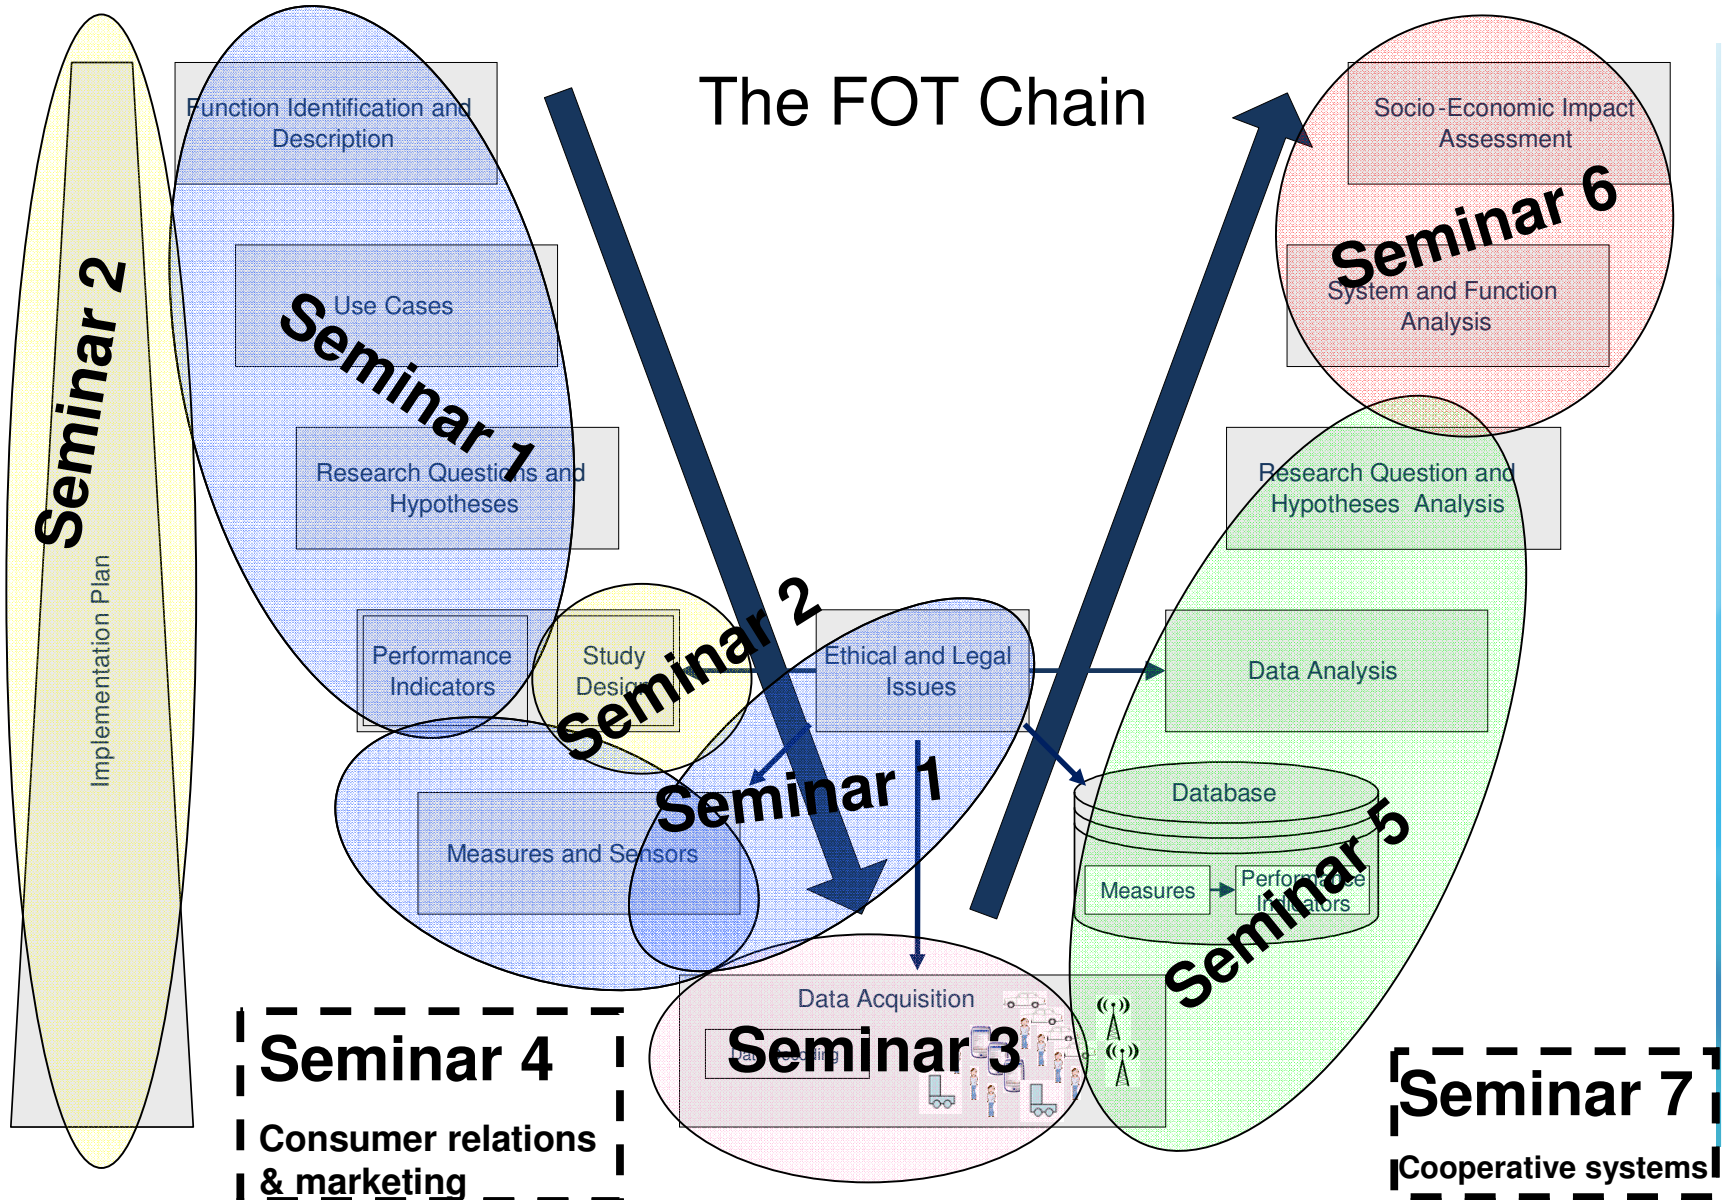

## Overview seminars

- Seminar 1: Starting a FOT
- Seminar 2: Implementing a FOT
- Seminar 3: Equipment
- Seminar 4: Consumer relations and marketing
- Seminar 5: Data handling
- Seminar 6: Assessment and policy making support
- Seminar 7: Cooperative systems (preparation for 6th call)

25/09/08

Networking Activity, Brussels

Networking Activity, Brussels

## Overview seminars (cont.)

- seven seminars will be held between autumn 2008 and spring 2010
  - seminar 1 ← **October 23<sup>rd</sup>, Brussels**
  - seminar 2 ← **October 24<sup>th</sup>, Brussels**
  - if possible in cooperation with FOT activity
- on-line discussion forum and Q&A using the web
- seminars and web forum will generate feed back on the FESTA handbook

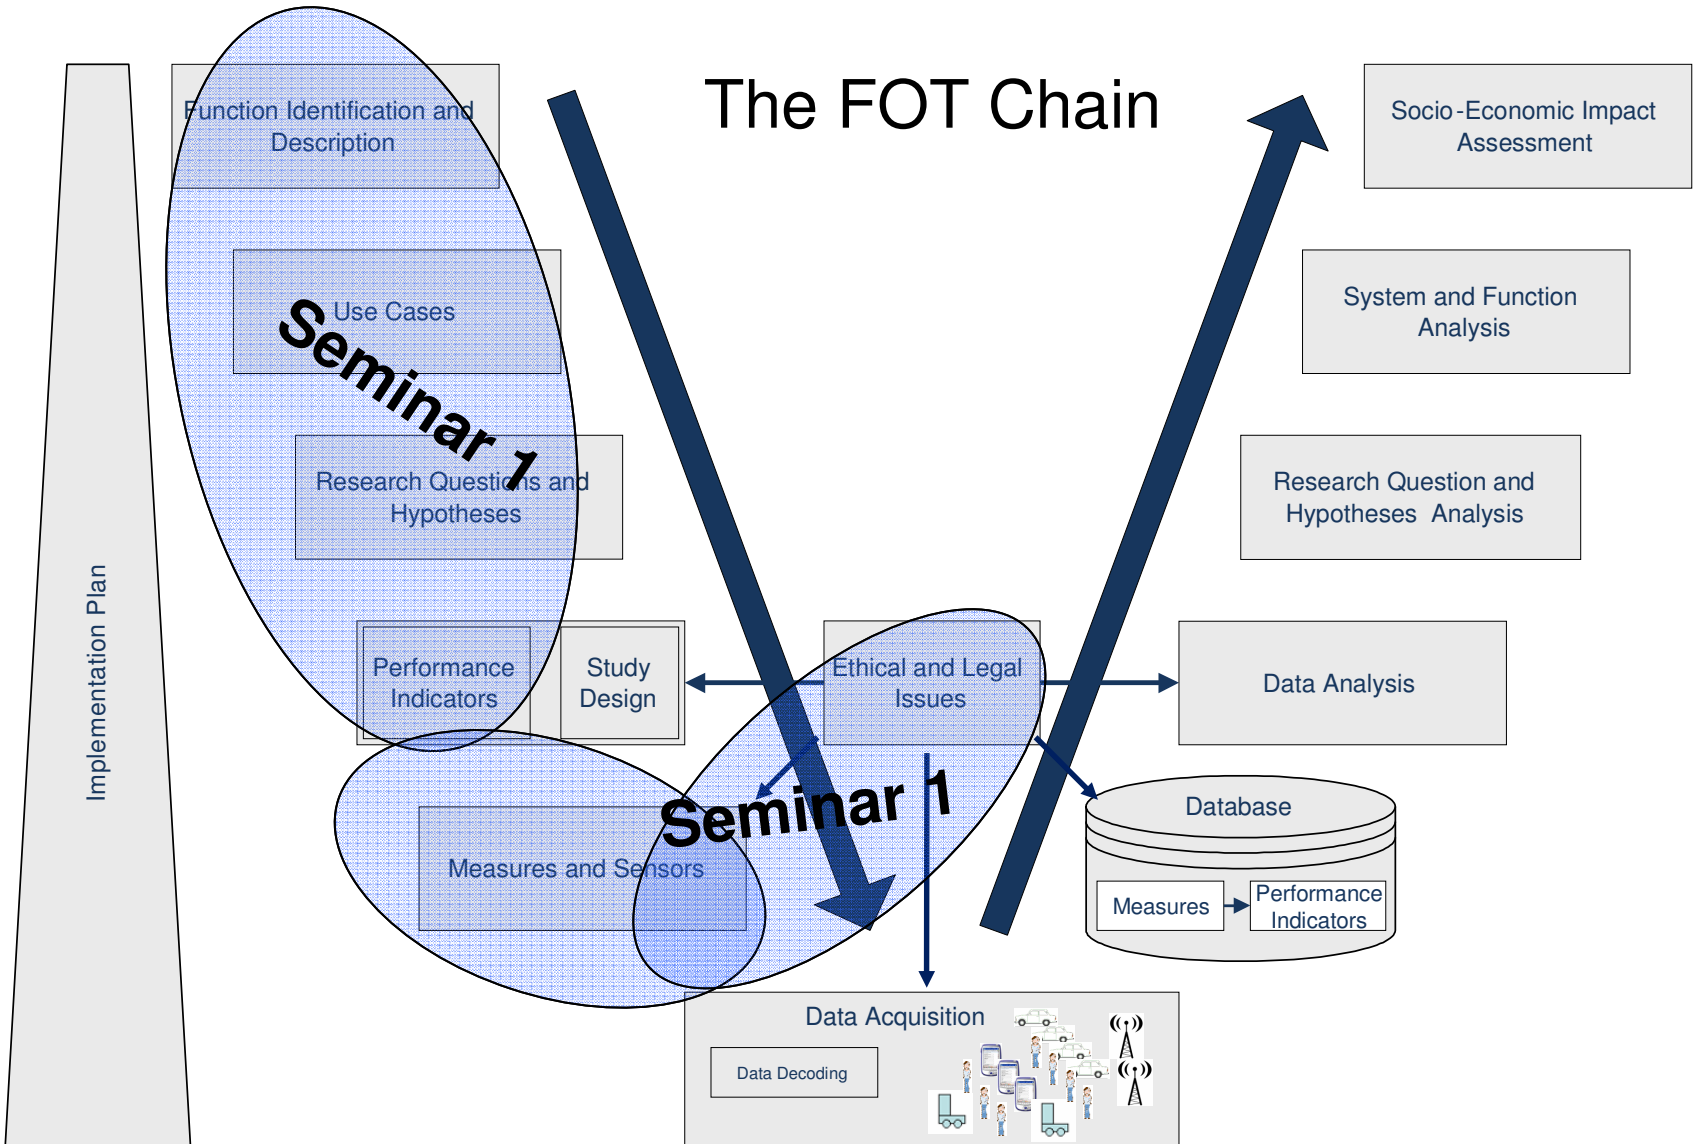

25/09/08

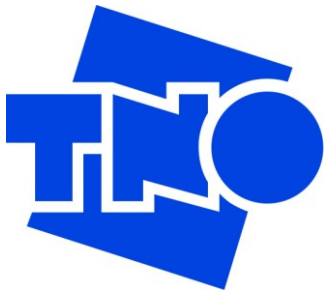

Networking Activity, Brussels

## Preliminary program seminar 1: starting a FOT

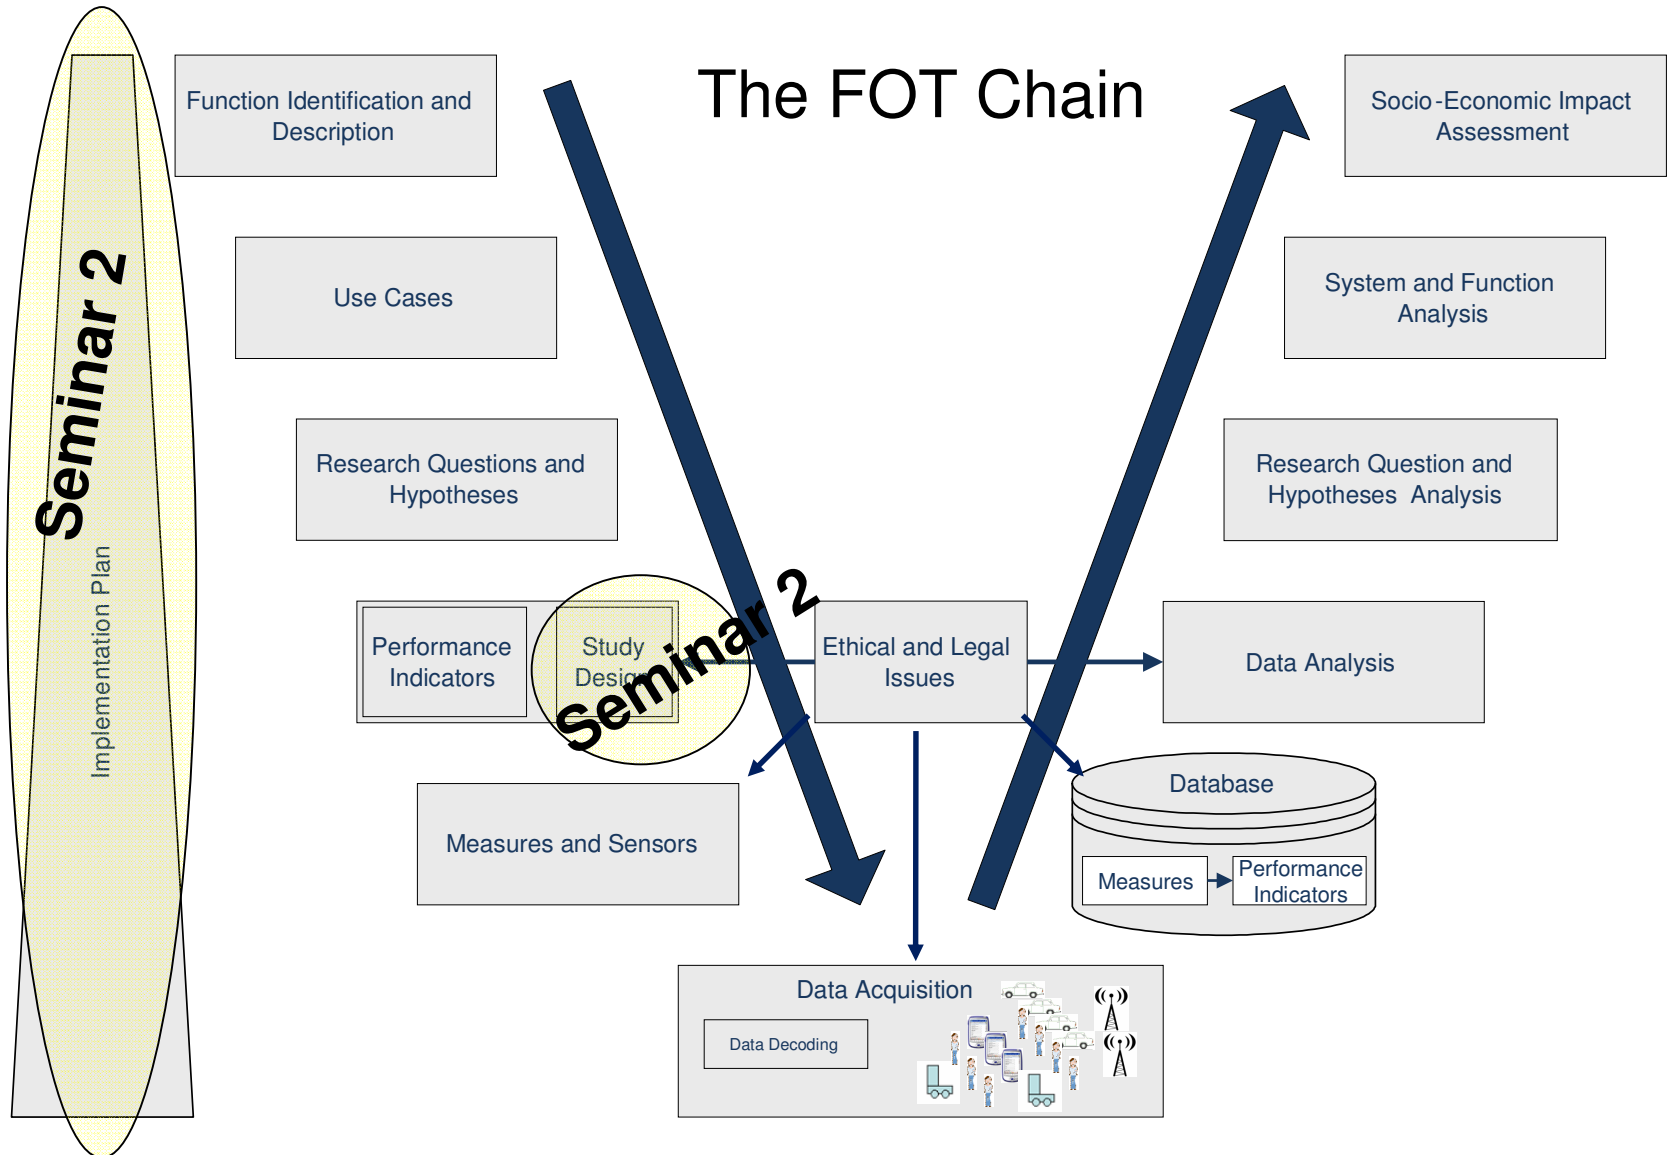

10.00-10.30	Introduction to the FOT-Net project and FESTA handbook
10.30-11.15	Practical example of a FOT
11.15-11.30	Coffee break
11.30-12.30	Starting a FOT: introduction to creating hypotheses, use cases and research questions
12.30-13.30	Lunch break
13.30-15.00	Working session: small groups working on hypotheses for their own FOTs
15.00-15.45	Plenary presentation and discussion on the results from the small groups, discussion on prioritisation of hypotheses
16.00-16.50	Ethical and legal issues in FOTs (such as privacy, video recording, informed consent, and responsibility). To be followed up by a discussion forum on <a href="http://www.fot-net.eu">www.fot-net.eu</a>
16.50-17.00	Conclusions
17.00-18.00	Drinks

## Preliminary program Seminar 2: implementing a FOT

9.00-9.15	Introduction to the FOT-Net project and FESTA handbook
9:15-12:15	How to implement a FOT <ul style="list-style-type: none"><li>- FESTA handbook: FOT Implementation Plan</li><li>- Two cases: Implementation Plan applied</li><li>- Coffee break</li><li>- Working session: participants' FOTs</li><li>- Plenary discussion: similarities and differences in applying the FESTA methodology to various types of FOTs</li></ul>
12.15-13.15	Lunch break
13:15-16:00	Study Design <ul style="list-style-type: none"><li>- How to organize and maintain your vehicles</li><li>- Coffee Break</li><li>- How to specify and select participants, and how to communicate with them</li><li>- Experimental environment: dealing with varying conditions (day/night, dry/wet, road type, etc)</li></ul>
16:00-16:15	Conclusions

25/09/08

Networking Activity, Brussels

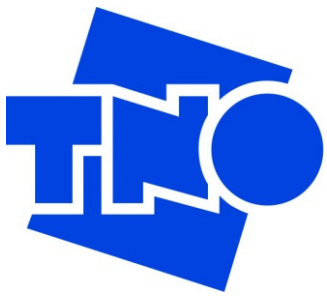

## Seminar 1 and Seminar 2

- 23<sup>rd</sup> and 24<sup>th</sup> October
- Hotel Bloom, Brussels
- register now at [FOT-Net website](#)

## Seminars in 2009 & 2010

- our ambition is to organise the seminars in cooperation with other FOTs
  - we are willing to meet the experts at their test sites
- for example
  - EU, national or regional FOTs, like:  
Telefot, Eurofot, Pre-drive C2X  
SIM-TD (D), AOS (NL), Voltaire (FR), ...

## Wrap up

- Cooperation?  
FOT-Net wants to interact with other FOT's (EU, nat)
- Seminar 1 and Seminar 2
  - 23<sup>rd</sup> and 24<sup>th</sup> October
  - Hotel Bloom, Brussels
  - register now at FOT-Net website
- <http://www.FOT-Net.eu>

**More information or want to cooperate?**

[www.fot-net.eu](http://www.fot-net.eu)

## Back-up sheets

## Discussion

- Seminar 1: Starting a FOT
- Seminar 2: Implementing a FOT
- Seminar 3: Equipment
- Seminar 4: Consumer relations and marketing
- Seminar 5: Data handling
- Seminar 6: Assessment and policy making support
- Seminar 7: Cooperative systems

## Possible discussion topics

- Methodology or implementing FOTs
- Transferability of national FOTs' results to EC level
- Legal aspects
- Organisation
- Cost/benefits and socio-economic impact
- Deployment, European roll-out strategy
- Business models
- Dissemination

## Possible discussion topics (from ERTICO sheets at kick-off meeting)

- What are the hot topics at the moment?
  - General presentation of FOT-NET
  - Existing and planned FOT activities
  - Wishes from stakeholders
  - Announce Seminars that should address hot topics
  - Reactions to the FOT methodology
  - Dissemination methodology not covered enough – how to avoid contamination of results
  - Scientific setup and Statistical analysis – need a practical guide for analyses of results
  - Liabilities and other legal issues still unclear – need inputs from all 27 EU MS?

## Possible discussion topics (from ERTICO sheets at kick-off meeting)

- exchange information about FOT activities in North America and Japan – *Today Define more objectives*
  - *What is done in the different countries? Know more about FOTs activities in other continent – what, how, when?*
  - *Organisational aspects*
  - *Perspective of deployment - Plan better the FOT – example of better practice leading to faster deployment – understand the steps from FOT towards deployment - Why are the deployment steps working in one country and not in others*
  - *Foster potential (technological) synergies*
  - *Methodology aspects: Are they comparable?*

## Other possible discussion topics

- Legal/ethical
- Indicators
- EU → US
- ? CBA of test site itself
